Aldo Salato not only found a suitable home in my price range but made the buying process enjoyable as well as successful. He and his staff are fully experienced in local real estate and sensitive to the needs of international clients. We handled most transactions quickly via fax and email. Services at Casa La Paz are comprehensive and reasonably priced, and I was given accurate estimates of closing and related costs. Everything possible was done in advance of my return for the closing, which finished smoothly and ahead of schedule. In addition to a home, I gained financial and practical advice and confidence in my decision to become a La Paz property owner and future resident.

We have had a very good experience working with Aldo on real estate transactions during the last three years. He was very helpful in locating a property that we wanted and working with us in the purchase. He did all the things necessary to make us feel safe as buyers in a foreign country including a thorough title search, working with the bank trust and negotiating with the sellers. Aldo is multilingual and it was very comforting working with an agent who spoke and understood English. We trust him and have met many other people who have worked with him and feel the same way. We think he is a "Gem" and we highly recommend him as a real estate broker and consultant on the purchase or sale of your property.

P.S. We have looked all over the Baja and we LOVE La Paz!
